Walk with Me Devotional Generation is extremely excited to announce the launch of a brand new online daily devotional series called **Walk With Me!** Written by Billy Graham, an elder in St Columba's Free Church, Edinburgh, these devotionals contain daily truths for people of *all* ages – biblical truths to encourage, guide and challenge each one of us. We hope this project encourages younger generations to come and walk through 2020 with a man who has sat at the feet of Jesus and who has followed the call of his Father for many years. You can sign up now for **daily email updates**, which will include the daily devotional for each day, and the daily devotional will also be available on the **Walk With Me website** every day.

Pastoral Care Please notify one of the Elders or Deacons if you know of anyone who is ill or who could benefit from a visit.
